

## 2026 Financial Assistance Program

The Georgia State Golf Association (GSGA) offers affordable access to the game of golf for juniors through initiatives such as Youth on Course Georgia and our Financial Assistance Program. The GSGA's Financial Assistance Program provides discounted entry fees for juniors aged 18 and younger to play on our Junior Tour and in individual state championships in which juniors are eligible to compete.

To determine if financial assistance will be awarded:

1. Compare your family size with annual adjusted gross household income on the chart.
2. The corresponding percentage within the appropriate column will be the discount applied to tournament entry fees for 2026.
3. All juniors who qualify for the Financial Assistance Program will have their 2026 GSGA Junior Tour membership fee reduced to \$55.
