

## Eligibility Guidelines for Competitors in GSGA Competitions

The following guidelines pertain to all competitors entered in GSGA competitions:

### COMPETITION ENTRY SUBMISSION

Entries should be submitted early to allow for ample time for delay or error in transmission. The risk of delay or error in transmission lies solely with the entrant and the GSGA will have no liability with respect to any such delay or error and the consequences, including rejection of the entry.

For one additional week after the published close of entries deadline, late entries may be accepted for the specified competition, provided there are spots available in the field. A late entry will be charged an additional \$30 surcharge. The final deadline for space available late entries is 11:59 p.m. one week past the published entry deadline. Should space not be available, entrants may be placed on the alternate/waiting list.

### RESIDENCY

Entrants in all GSGA competitions and member programming must have an active handicap index issued by the World Handicap System maintained at a GSGA member club. In addition, entrants in the Amateur Championship, Women's Amateur Championship, Mid-Amateur Championship, Match Play Championship, Junior Championship and Girls' Championship must also be legal residents of the State of Georgia. Players are responsible for reviewing and confirming compliance with GSGA residency criteria. Players selected to represent the GSGA in state team competitions must be residents of the State of Georgia.

*What defines legal resident?*

**Resident** – An individual is a legal resident of Georgia when they meet at least one of the following requirements:

- Maintains his/her primary residence in Georgia.
- Is registered to vote in Georgia in local, state, and national elections.
- Files a State of Georgia Income Tax return as a Georgia resident.
- Possesses a valid Georgia driver's license.

**Military** – Active-duty members of the United States Military are eligible to participate in GSGA competitions that maintain residency requirements if they are stationed in Georgia as of the last scheduled day of the event and meet the "General" criteria items listed above. The voting and driver's license provisions are waived under the "resident" criteria. He/she must meet all other eligibility requirements.

**Juniors/Boarding School/College Students** – A junior, boarding school or college student is a resident of the state where their parent(s)/guardian(s) legally reside, unless the student has no dependency on his/her parent(s)/guardian(s).

The GSGA Championship Committee and Rules & Competitions Department will not verify residency unless something stands out to us or is brought to our attention. Typically, questions will arise with college players who are going to school in the state but are from elsewhere. If a player is a dependent of their parents, they are residents of that state regardless of whether they have a job or driver's license in Georgia.

### AGE

Entrants in all GSGA Competitions must meet the minimum or maximum age requirements when applicable. Minimum age requirements must be met as of the first day of the competition. Maximum age requirements must not have been exceeded as of the last day of the competition. The specific age requirements are listed in the player information section for each individual competition on the GSGA Calendar of Events. GSGA competitions where age requirements are in effect include the following:

- Junior Championship/Girls' Championship
- Junior Boys Match Play Championship/Junior Girls Match Play Championship
- Mid-Amateur Championship/Women's Mid-Amateur Championship
- Senior Championship
- Super Senior Championship/Legends Division
- Senior Match Play Championship/Super Senior Match Play Championship
- Senior Four-Ball Championship/Super Senior Four-Ball Championship
- Senior Women's Championship/Super Senior Women's Championship
- Senior Women's Match Play Championship
- Women's Team Championship
- Tournament of Champions
- One Day Series

## **GENDER POLICY FOR ALL GSGA COMPETITIONS**

### **I. Purpose**

In order to assure fair competition for all entrants in Georgia State Golf Association ("GSGA") events, the GSGA has adopted a gender policy for GSGA competitions. The GSGA has adopted as its gender policy the policy as presently developed and utilized by the United States Golf Association. Therefore, the GSGA has adopted the following procedures by which a transgendered player may seek to participate in GSGA competitions. This gender policy is subject to the GSGA's review and modification from time to time in light of any scientific, medical or legal developments.

### **II. Proof of Gender**

In any GSGA competition in which it is required that a player is a specific gender (male or female), the player must identify himself or herself during the entry application process as a person of that particular gender. Failure to provide proof of gender when gender has been reassigned, and to comply with the process and procedures set forth in this policy, may result in non-acceptance of entry and/or disqualification from the championship competition or event. In the event that a player has had gender reassignment surgery at any point after puberty, that player must provide certain essential documentation to the GSGA in accordance with the procedures set forth below. Gender reassignment prior to puberty is not subject to these requirements.

### **III. Prerequisite for Eligibility**

The following requirements set forth the eligibility for participation of all transgender players in GSGA competitions:

Those who have transitioned from male to female will be eligible to compete in GSGA female competitions under the following conditions:

- i. The player has declared that her gender identity is female. Such declaration cannot be changed for sporting purposes for a minimal of four (4) years;
- ii. The player must have undergone gender reassignment surgery (i.e., a gonadectomy) prior to the entry deadline for that specific GSGA competition; and,
- iii. The player must have undergone medically recognized hormonal therapy and maintained testosterone levels appropriate for the assigned sex in a verifiable manner and for a sufficient period of time to minimize gender related advantages in sport competitions, as determined in good faith by the GSGA in consultation medical consultant(s)

#### **IV. Procedures and Documentation for Submitting Proof of Gender (First-time Applicants)**

As set forth in the GSGA competition entry application, each applicant must comply with this policy and these procedures. Eligibility to play in a GSGA competition will be evaluated only in connection with a player who has submitted an entry application to play in that GSGA competition. The specific GSGA competition must be identified in writing with the accompanying documentation specified below.

Gender reassignment documentation must be submitted via overnight or first-class mail in an envelope marked "Confidential" and addressed to Chief Executive Officer, Georgia State Golf Association, 2205 Northside Dr. NW, Suite 200, Atlanta, GA 30305 and received at the GSGA no later than five (5) days after the date for close of entries for the specific competition. The documentation, which will be reviewed by the GSGA, must include the following:

- Identification of treating physician who conducted pre-operative psychiatric evaluation, including name, address and phone number;
- Hospital records confirming completed surgical gonadectomy;
- All office records documenting related follow-up treatment;
- Laboratory results reflecting acceptable testosterone levels for a minimum of one (1) year prior to the competition and any other medical records requested regarding applicable hormonal therapy requirements; and,
- Executed waiver allowing members of GSGA medical panel to contact all treating physicians if deemed necessary (see below for medical release forms to be completed).

In the event that hospital records have been purged or lost, or are otherwise unobtainable, a current physical examination performed by a physician experienced in this type of surgery, a report from that physician, and the documentation referenced in (i) and (iii) above, will be considered and reviewed.

#### **V. Procedure for Applicants who have been Previously Approved Under this Policy**

If eligibility for entry in a GSGA competition has been previously approved under this policy, subsequent GSGA competition entry applications, whether in the initial or subsequent years, will be accepted without the documentation required in Section IV, paragraph B.

#### **VI. Additional Considerations**

If questions relating to a player's compliance with this policy arise, either prior to or after commencement of a competition, or after a competition has been completed, the GSGA may contact the player for verification, and request that the player provide appropriate documentation in accordance with this policy. A player has seven (7) days after receipt of such a request within which to provide the required documentation to the GSGA at the above referenced address. If the competition has commenced, a player may be permitted to continue in the competition until a determination has been made on the player's eligibility in accordance with this policy. If it is determined that the player should be disqualified, any award, prize and/or ranking arising from participation in the competition shall be forfeited. The player shall not be banned from future competitions so long as the player satisfies the requirements of this policy in connection with future competitions.

Questions regarding the process and procedures can be addressed to the GSGA's Chief Executive Officer at 770-955-4272.

#### **VII. Privacy**

The GSGA will maintain such information and documentation in strictest confidence, with only its General Counsel, Senior Director of Rules and Competitions and Chief Executive Officer having access to such information and documentation.

The GSGA expressly disclaims any ability to limit or prevent third party inquiries made directly to the player or to others. In the event that a third party, (other than one specified by the player in accordance with the provisions noted above) including media representatives, makes an inquiry with respect to a particular player's eligibility to play in a particular competition, the GSGA will respond simply that the player was deemed eligible to compete in the competition.
